

MMR Charts

As of: 05/10/2024
Fund Name: VP III TAX EXEMPT MMKT

This graph shows the amount of weekly liquid assets in the Fund. Weekly liquid assets include: cash, direct obligations of the U.S. Government, certain U.S. Government securities issued at a discount with a remaining maturity of 60 days or less, securities that will mature or are subject to a demand feature that is exercisable and payable within five business days, and receivables from sales of portfolio securities due within five business days. Money market funds must maintain a minimum of 50% of total assets in weekly liquid assets.

| Weekly Liquid Assets | Date | Weekly Requirement |
|----------------------|------------|--------------------|
| 99.74% | 05/10/2024 | 50% |

Note: Effective April 2, 2024, the weekly liquid assets requirement increased from 30% to 50%

Victory Funds are distributed by Victory Capital Services, Inc.

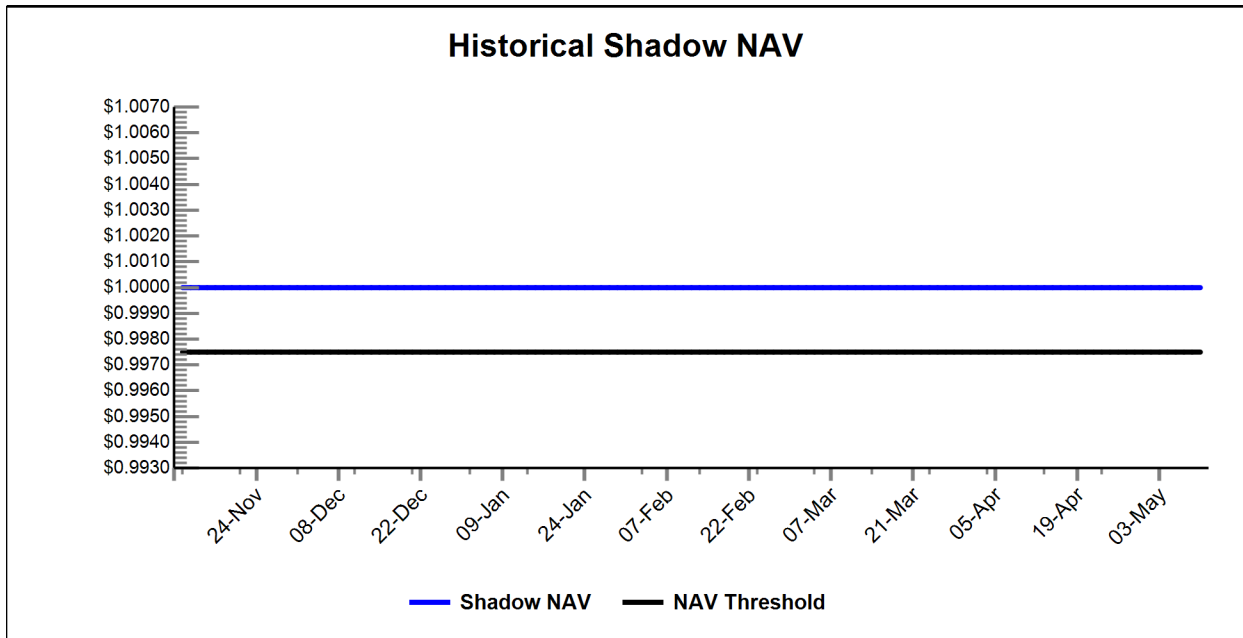

MMR Charts

Asof: 05/10/2024
Fund Name: VPIII TAX EXEMPT MMKT

This graph shows the "shadow net asset value (NAV)" of the Fund. Money market funds are allowed to maintain a fixed \$ 1.00 per share price using the amortized cost method of valuation and penny-rounding method of pricing so long as the fund calculates daily the shadow NAV using the market price of the securities and maintains a shadow NAV of between \$0.995 and \$1.005. SEC Form N-CR must be filled if the shadow NAV falls below \$0.9975.

| Shadow NAV | Date | NAV Threshold |
|------------|------------|---------------|
| \$1.0000 | 05/10/2024 | \$0.9975 |

Victory Funds are distributed by Victory Capital Services, Inc.
